

## Hold on to Hope

A captivating historical saga which vividly brings the East End to life. Kate Ellis learnt the hard way that falling in love with the wrong man could be your undoing. It was nine years ago that she fell for the charms of Freddie Ellis, only to discover his criminal ways. With her husband in prison, Kate has fought hard to give her two children everything they could need. But now Freddie is back and threatens to destroy everything she has worked for. Captain Jonathan Quinn has resigned from the army after the needless death of too many of his men. But when his father disowns him and his fiancée breaks their engagement, Jonathan finds himself in desperate need of work. Accepting a friend's proposal of acting as headmaster at a local school, Jonathan is determined to leave the army behind and turn his life around. When Kate and Jonathan's paths cross, the attraction is instant. But with Kate still a married woman, they know it can never be. As Kate grows more distant, Jonathan finds solace in the arms of another woman, and Kate is left to wonder if she will ever find true love again...

Breaking News Ongoing skepticism over the impact of Brexit suggests that rental growth in prime central London Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a 2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society, said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of borrowers. "Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for some security could choose the fixed rate. "In such a low interest rate environment it would be ideal for borrowers to consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before entering any arrangement."
