

## No Matter What

Haunted by her involvement in her parents death at the age of ten, Cassandra has never been confident in the love that others felt for her?not her adoptive parents, her friends and certainly not the man she loved with all her heart. So, after giving herself to her high school sweetheart on prom night, she flees from the overpowering fears and all those who supported her. And then after four years of sleeping with one strange man after another?whose names she couldnt remember or never knew?she decided enough was enough. It was time to return to face those shed left behind, particularly Brenden Carter. Brenden should hate Cass for running away from their love and with his daughter, but somehow even after years of telling himself he hated her--and doing a lot of womanizing himself--Cass smile still managed to get next to him. Will he be able to forgive her for leaving him when he needed her most?

Breaking News Ongoing skepticism over the impact of brexit suggests that rental growth in prime central London  
Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a  
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the  
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,  
said: “We are very pleased to offer borrowers the lowest mortgage rate ever available. “The cost of funding has fallen in  
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to  
pass this on to borrowers.” After the 2-year period the mortgage will revert to the lender’s standard variable rate, which  
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: “It’s fantastic to see such low rates on offer  
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of  
borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for  
some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to  
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before  
entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
