

Once More into the Breech (A Sheriff Ben Stillman Western)

When Doctor Clyde Evans is kidnapped from his home in the middle of the night to tend a wounded outlaw, Sheriff Ben Stillmans problems are only just beginning. Stillman tracks the doctor to a remote cabin deep in the Two Bear Mountains. He springs the doctor, shoots the outlaws, and confiscates the bank loot. He also arrests a beautiful young outlaw, Hettie Styles, who promptly puts a bounty on Stillmans head. While Stillman waits for the sheriff from Sulfur to come for the stolen money and Hettie, he walks warily. All he needs is another bullet in his back. Compounding his problems, his old foe Jacob Henry Battles rides into town with a steel hook replacing the arm Stillman shot off years ago before sending Battles to prison. Dying from consumption, Battles was recently let out of Deer Lodge Pen. He says hes in town merely to settle down, but after a shot is fired into Stillmans house in the middle of the night, the sheriff thinks Battles is out for revenge. Meanwhile, Doc Evans must navigate more personal torments when young Evelyn Vincent, the waitress from Sam Was Cafe, professes her love for the older sawbones only weeks before Evans is due to be married to the Widow Kemmett As weve come to expect from Peter Brandvold, king of the fast-action, sexy, hard-hitting western novel, its all here -- love and death, bullets and blood . .

Breaking News Ongoing skepticism over the impact of brexit suggests that rental growth in prime central London Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a 2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society, said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of borrowers. "Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for some security could choose the fixed rate. "In such a low interest rate environment it would be ideal for borrowers to

consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
