

## Tanaka Chronicles: The Sexual Awakening of Tanaka

Never been kissed and brought up with the mantra of wait until you get married to have sex, Tanaka is attached to her virginity and plans to give it up on her wedding day. That is until she meets Fungi, the sweetest temptation, a tall handsome chocolate skinned brother with a hard muscular body and full kissable lips. A series of encounters with him lead to awaking the magic that lies within the body of the goddess and the ecstasy which is in every woman. Follow Tanaka as she leaves her homeland for the UK and meets Ricky who presents her with an extraordinary proposition. She is yearning to be reawakened, nurtured and is willing to explore the sensual mysteries of her inner universe. Threesomes, voyeurism, exhibitionism and naughty games. The insatiable genie is out of the bottle, putting it back is out of the question.

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a  
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the  
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,  
said: “We are very pleased to offer borrowers the lowest mortgage rate ever available. “The cost of funding has fallen in  
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to  
pass this on to borrowers.” After the 2-year period the mortgage will revert to the lender’s standard variable rate, which  
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: “It’s fantastic to see such low rates on offer  
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of  
borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for  
some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to  
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before  
entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
