

The Wimborne New Order Project

Set in about 2018 after a European Spring that rivalled the Arab Spring of 2010/11 when the great general public lost all faith in their Governments , especially in Western Europe. This story focuses on one major project instigated by a newly appointed UK Government which had reintroduced Corporal Punishment to schools and the adult population, Male and Female. The story features the family of Steve Masters of A Walloping Good Retirement fame. The Government was encouraging Charities and Well Meaning philanthropists to open up social projects to assist in social housing and social inclusion. Discipline in the Steve Masters foundation is maintained by the use of the cane and spanking of the naughty girls who cross Steves path.

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,
said: “We are very pleased to offer borrowers the lowest mortgage rate ever available. “The cost of funding has fallen in
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to
pass this on to borrowers.” After the 2-year period the mortgage will revert to the lender’s standard variable rate, which
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: “It’s fantastic to see such low rates on offer
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of
borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for
some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before
entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
