

Our Lady of Immaculate Deception: A Novel (Roxy Abruzzo)

Big truck, big dog, big hair. Bad attitude. Roxy Abruzzo, bestselling author Nancy Martins latest creation, is the loud-mouthed, sexy, independent-minded niece of a Pittsburgh Mafia boss trying to go (mostly) straight. Shed like to stay completely out of her uncle Carmines shady business dealings, though hes trying to reel her in. Shed like to concentrate on the architectural salvage business she runs mostly on the up-and-up for a tidy profit. Shed like to keep her rebellious teenage daughter on the straight and narrow. But Roxy knows where all the good intentions in the world usually lead, and when she cant help herself from tucking away an ancient Greek statue thats not really hers, she pays for it by getting caught up in the chaos surrounding the sordid murder of the statues former owner, the heir to a billion-dollar Pittsburgh steel fortune. Of course, Roxy has plenty of help getting in and out of trouble, including her sidekick, Nooch Santonucci, who is too dumb to say no to whatever Roxy wants to do and strong enough to do it; her widowed aunt Loretta, a lawyer whose big hair and short skirts are as big a help to her in court as her brains; and Patrick Flynn, ex-marine, professional chef, and former high school flame, fresh from Afghanistan to torture Roxy, just like old times. With her wicked sense of humor and a devilishly clever new series premise, the author of the beloved Blackbird Sisters mysteries has crafted another mystery destined to be a bestseller.

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,
said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to
pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer

from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
