

## For Those Who Stayed At Home

I look after the children why did I call it that? It sounds like Im just standing in for someone, minding them until the real carer arrives. Im not a baby-sitter - thats not what I do. Im bringing them up! Im raising them! With my own bare hands! Those Olympic weightlifters, when theyve got the bar resting on their chests, and they bend their knees and then push and stamp their feet down on the floor and lock their arms with the weights above their heads and let out an Aaaaaaaaaaaaaaaaaaarghh! -thats what Im doing with my kids. The adjudicators nod and they drop the weight. I have to hold the position for eighteen years.

Aaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaa  
aaaaaaaaaaaaaaaaaaaaaaaaaaaaaarghh! This is the semi-fictionalised story of a househusband. Expect to find questions of identity, claustrophobia and mental anguish with some funny bits.

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a  
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the  
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,  
said: “We are very pleased to offer borrowers the lowest mortgage rate ever available. “The cost of funding has fallen in  
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to  
pass this on to borrowers.” After the 2-year period the mortgage will revert to the lender’s standard variable rate, which  
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: “It’s fantastic to see such low rates on offer  
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of  
borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for  
some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to  
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before  
entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
