An old woman, a seventy-year-old secret and a family without God collide at a family dinner. At this dinner, ninety-two-year-old Grace presents a stunning argument for creationism, but what she reveals about her tragic past rocks the family to its core. The shocking circumstances of her sister's death and the tragedies of war are only the prelude to an amazing miracle: Grace once challenged God. The remarkable journey that restores her faith challenges her family to re-examine theirs. A family's polarizing experiences separates and unites them at the same time because they are rarely spoken of again. They are kept in a Pandora's Box and the whole family guards the key.

 Breaking News Ongoing skepticism over the impact of Brexit suggests that rental growth in prime central London  
 Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a  
 2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the  
 society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,  
 said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in  
 recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to  
 pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which  
 is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer  
 from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of  
 borrowers. "Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for  
 some security could choose the fixed rate. "In such a low interest rate environment it would be ideal for borrowers to  
 consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before  
 entering any arrangement." The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
