

Ride or Die

Seventeen-year-old Keisha is the beautiful, sheltered daughter of an activist pastor with a checkered past. Handsome, ambitious Jamal—a street-savvy crack dealer—is the son of North Philly's most notorious drug kingpin. A history of violence and betrayal lies between their fathers, who are now bitter enemies. After one of his church members is gunned down—with a bullet he is sure is meant for him—Pastor Anderson goes after Frank Nichols, determined to drive him from the neighborhood for good. There's just one problem: Keisha and Jamal are in love. When the families face off on opposite sides of an anti-drug demonstration, a high-ranking police official is killed in the crossfire, and Jamal becomes the prime suspect in the murder. Keisha is left with a choice. Will she stay with her father, in the confines of the sheltered world she's known, or will she venture into the unknown in order to help Jamal clear his name? She chooses Jamal, and in a whirlwind flight across the seamy underside of Philadelphia, Keisha will risk everything for love. Even her life.

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,
said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to
pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of
borrowers. "Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for
some security could choose the fixed rate. "In such a low interest rate environment it would be ideal for borrowers to
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before
entering any arrangement." The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
