

## Moments in a whirlwind

Moments in a Whirlwind is a story about a young Lithuanian man, Avi Jaunsudrabins aka Smous Cohen, who wanted to live, love ... and be free. It all started very well but the glee of his childhood was an empty promise it lasts only nine years. His mother dies during a violent pogrom attack. Avi is overcome by loathing for the power of ruthless men like the Czar. A whirlwind scoops him up and takes him places. Eventually it drops him in the Cape of Good Hope where Smous hopes that the grass there will be greener. It was ... very green. Smous becomes a peddler. His diligence brings success. He develops into an independent, caring, and popular young man. Driven by ambition he travels north to the Boer Republics. He sells his wares far and wide and meets interesting people. However, Smous is lonely. He was chasing paradise the big time. He begins a tannery and the whirlwind is good to him it brings prosperity. The whirlwind smiles on him again and life becomes as sweet as honey when the emerald green eyes of a headstrong beauty, Rene, enchants him. His knees buckle as he tastes sweet love.

Smous loves the whirlwind but, alas, it does not love him back. Instead, it brings dark clouds to the horizon. The colour of the clouds are ... golden. Gold means money; it means power - especially for those who control it. The Colonial bosses in the Cape had to have it and it so happens that the gold fields ignite a scramble for the fusion of gold and power. Instead of bringing luck to the Dutch farmers in the Transvaal, it brought war. Smous is caught up in the scramble. The lousy, stupid whirlwind! The power of the Colony looks just like the power of the Czar - the kind of power that destroyed his family. No wonder Smous wants to forget: This is not my war, he insists. Still, the whirlwind awakens his childhood demons. The war drags him in like a magnet. Smous shares in the suffering of his friends. His love,

Rene, joins the Boer resistance whilst her father becomes a traitor. Her mother holds dark secrets. Can their love survive that family feud? Reap the whirlwind. The whirlwind is ruthless and the war a magnet. This is not my war Smous insists. It is, replies the whirlwind. In spite of his noble intentions, Smous becomes involved in seemingly insignificant events that spell doom. He ends up the dock and a court martial finds him guilty of treason - an offence carrying the death sentence. In dire straits he admits, Just when you think your past is fading away, you find that it is catching up with you - the promise of escape is just a mirage. Can the whirlwind stop the bullets of the firing squad?

Breaking News Ongoing skepticism over the impact of brexit suggests that rental growth in prime central London  
Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a  
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the  
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,  
said: “We are very pleased to offer borrowers the lowest mortgage rate ever available. “The cost of funding has fallen in  
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to  
pass this on to borrowers.” After the 2-year period the mortgage will revert to the lender’s standard variable rate, which  
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: “It’s fantastic to see such low rates on offer  
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of  
borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for  
some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to  
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before  
entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
