It's the 1960s and seventeen-year-old Rose falls hard for David, a rebel with a criminal record. His bad-boy charm soon overwhelms her...resulting in a shocking pregnancy. Unable to take responsibility for his actions, David joins the Marines and disappears. Rose tries to stay on track, but life in the Milwaukee projects is tough. Adoption seems like the best choice for both her and her baby and the hardest decision Rose will ever make. Time passes. A child grows to an adult. Now twenty years old, Ann never knew why her birth parents gave her up. Did they care? Was she nothing but an inconvenience? The questions were always there, despite being raised in a loving household by caring adoptive parents. Meanwhile, Ann's biological mother marries and has two more children. Her deadbeat biological father rises through the military to reach a rank of power and importance. And a mother and child search for each other neither knowing what emotions their meeting might ignite. A stirring and emotional debut novel, *Misbegotten* explores the struggles, joys, and imperfections of a mother and her daughter over thirty remarkable years.

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a  
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the  
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,  
said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in  
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to  
pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which  
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer  
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of  
borrowers. "Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for  
some security could choose the fixed rate. "In such a low interest rate environment it would be ideal for borrowers to  
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before  
entering any arrangement." The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
