

Three Nights In Paradise: Saturday (Three Nights In Paradise Trilogy Book 2)

Julia Evans and Kevin Gamhan are in Costa Rica for what he described as a lovers honeymoon. Each has a secret regarding their relationship they must reveal over the course of the remaining two days together before they return to their normal but separate lives in New York. But will Julia's desire for Kevin be fulfilled as she hopes or will she see him in a whole new light after Saturday? Note: This publication contains scenes of a sexual nature and is intended for mature readers only. The erotic atmosphere of the private estate leads both into situations they must face alone and together as a couple and tests the strength of their love affair. Saturday is filled with intense sensual encounters from waking up in bed until turning the lights out in the early hours of Sunday morning that will be the highlight of their lives. What is the allure of an affair and can it ever become more than that? That question is posed in River Duval's Three Nights In Paradise erotic romance trilogy. The two lovers are faced with that question as they spend three carefree days in Costa Rica outside of their daily lives in New York City. Led on by her own emotions and desires, Julia goes along with Kevin until he surprises her with a tantalizing revelation of how he perceives their relationship. She is amazed by her enjoyment of forbidden pleasures. Although there are other temptations and she is swept away by emotional highs by the virile man at her side, Julia begins to wonder if she should continue their affair.

Breaking News Ongoing skepticism over the impact of brexit suggests that rental growth in prime central London Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a 2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society, said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which

is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of borrowers. "Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for some security could choose the fixed rate. "In such a low interest rate environment it would be ideal for borrowers to consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before entering any arrangement." The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
