

Becoming Tara

With a professional booster for a mother and a pimp for a father, crime was the family business, and Tara held a degree in Hustling 101. Her street smarts and her love affair with Julio, however, weren't enough to keep her out of prison, and now that she's inside the institution, each day is a new adventure for Tara. She hits the gate kicking her credentials and calling in favors, and before long, she's back in charge and running things. But what Tara doesn't know is that she isn't really in charge like she thinks, because someone else has other plans for her. Julio, a seasoned Dominican kingpin, is behind bars too, but he definitely isn't new to the joint. He's doing Federal time, and he thinks it's going to be a cakewalk, but this time around, he's forced to gain respect the hard way from a whole new breed of petty thieves and wannabe gangsters. He will have to knock a few young boys out first and then just take over . . . or can he? What happens to love that has been tested by time and space, hurt and tears? Can it find its way back? Julio and Tara's lives, along with the people they love the most, will be changed forever by prison. Will it be for the better or worse?

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,
said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to
pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of
borrowers. "Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for
some security could choose the fixed rate. "In such a low interest rate environment it would be ideal for borrowers to
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before
entering any arrangement." The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
