

## El enigma de Rania Roberts (Spanish Edition)

Jerico, 2010. Rania, una joven y humilde chica de padre palestino y madre americana, lleva una placida existencia, disfruta del amor puro de Abdul y sueña con un futuro junto a el. Pero un brutal suceso rompe su vida. David Ackermann, capitán del ejército israelí, se encuentra en una situación de emergencia. Uno de sus hombres ha huido y se dirige a Jerico armado, borracho y ciego de ira. Cuando lo localiza se enfrenta a una inesperada y dramática decisión. Max es un exitoso trader que vive al límite en Nueva York junto a sus amigos y su novia, Debra Williams, famosa reportera. Recibe la llamada del financiero más poderoso de Wall Street; le propone dirigir un nuevo fondo de inversión. Es la oportunidad de su vida, que acepta sin dudar. Todo es dinero, lujo y derroche a su alrededor. Pero nada volverá a ser igual. Javier Bernal construye un apasionante thriller internacional con matices políticos, financieros y religiosos. Un universo desde el que analiza la actitud de los hombres más influyentes de Wall Street y las luchas de poder, los servicios secretos, el Mossad y la manipulación de la opinión pública. Una obra imprescindible, reflexiva, que nos habla de la soledad, de la compasión y del amor como vía de escape a la barbarie. Y que nos desvela la verdadera cara del mundo actual. Con la contundencia de Grisham, el suspense de Patterson y el talento de Le Carre, Bernal inicia la senda del thriller político en España de forma brillante.

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a  
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the  
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,  
said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in  
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to  
pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which

is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: “It’s fantastic to see such low rates on offer from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
