

McCANN'S DOG

Did you ever wonder what would happen if you discovered that your dog could talk? Or maybe even sing? As well? Struggling actor Stephen McCann, finding himself picked up by a hairy stray in the local supermarket, also discovers his new four-footed friend while not capable of lucid speech is incredibly and amazingly able to sing - and not only sing well but in tune, too which all seems more than a little odd to Stephen, but then so too is the simply drop dead and beautiful Estelle, a young woman who enters his life coincidentally enough the same time as the strangely talented dog does. Are the two events connected? And how come Stephen - a connoisseur of beautiful girls - has never noticed that Estelle and her somewhat odd flat mate have been living across the hall from him since it would seem time immemorial? All is revealed as McCann finds himself involved in a moment of time that could indeed change the very shape of the entire planet....

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a 2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society, said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of borrowers. "Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for some security could choose the fixed rate. "In such a low interest rate environment it would be ideal for borrowers to consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before entering any arrangement." The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
