

Starlight on Willow Lake (The Lakeshore Chronicles)

#1 New York Times bestselling author Susan Wiggs sweeps readers away with a stunning tale of the delicate ties that bind a family together and the secrets that tear them apart. Faith McCallum is intent on rebuilding her shattered life and giving her two daughters a chance at a better future. But she faces a formidable challenge in the form of her new employer, Alice Bellamy. Recovering from a tragic accident, she opens her historic lakeside home to Faith and the girls. While Faith proves a worthy match for her sharp-tongued client, she often finds herself at a loss for words in the presence of Mason Bellamy, Alice's charismatic son, who clearly longs to escape the family mansion and return to his fast-paced, exciting life in Manhattan and his beautiful, jet-setting fiancée. The last place Mason wants to be is a remote town in the Catskills, far from his life in the city, but his mother's devastating mishap and a long-buried family scandal has called him home. Faith McCallum, with her legendary nursing skills, is supposed to be the key to his escape. But when Faith makes a chilling discovery about Alice, Mason is forced to reconsider his desire to keep everyone, including his mother, at a distance. Now he finds himself wondering if the supercharged life he's created for himself is what he truly wants and whether exploring his past might lead to a new life and lasting love on the tranquil shores of Willow Lake.

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,
said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to
pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of

borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
