

The Ragpickers: A Fable of Times Past

In a remote corner of 1930s Spain a small settlement of ancient, displaced peasants eke out a precarious existence as squatters in a hilltop shanty-town reflecting the countrys unstable political balance in the stagnation between the First Republic and the coming civil war. One of these old ragpickers happens upon a week-or-so-old baby that has been abandoned in an alley of the nearby city. The old man does not hesitate to rescue the baby into his donkey cart because of the numerous large rats that infest the alleys. But persuading the other old folks to allow him and his wife to keep the baby is another matter. After much wrangling they all agree the old couple can keep the baby at least temporarily, providing no trouble is brought down on all their heads. Trouble of course is just what they get, as they struggle to keep the baby out of the abyss of a government orphanage as represented by a young government lawyer; and also out of the equally ubiquitous clutches of the Church orphanage program, personified by his opponent, an attractive young church social worker of his own age. The resolution of the ragpickers dilemma is echoed in the resolution of an incidental and convoluted romantic interest between the two young people.

Breaking News Ongoing skepticism over the impact of brexit suggests that rental growth in prime central London Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a 2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society, said: “We are very pleased to offer borrowers the lowest mortgage rate ever available. “The cost of funding has fallen in recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to pass this on to borrowers.” After the 2-year period the mortgage will revert to the lender’s standard variable rate, which is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: “It’s fantastic to see such low rates on offer from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
