

The House Of Essex

This edition contains books 1-3 of The House Of Essex series. Based on a true story. This is a tale of love and redemption . . . with a healthy dose of dominance and submission. An unconventional call girl puts her life on the line to satisfy the needs of her demanding client. What does he really want? Will he take everything from her or give her more than she ever bargained for? Dont think . . . just feel, he commands. Elle Essex isnt the type to give up control easily. Shes been disappointed too often in her life . . . sometimes painfully so. To expose herself emotionally is almost beyond her comprehension. Nonetheless, shes compelled by a desire she cant explain . . . and she cant turn away, regardless of the potential cost. Note from the publisher: This work contains graphic language and depictions of extreme sexual situations. It is intended for mature audiences only and is not suitable for persons under eighteen years of age.

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,
said: “We are very pleased to offer borrowers the lowest mortgage rate ever available. “The cost of funding has fallen in
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to
pass this on to borrowers.” After the 2-year period the mortgage will revert to the lender’s standard variable rate, which
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: “It’s fantastic to see such low rates on offer
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of
borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for
some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before
entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
