

Carma

Burma is being bombed, and Ramesh's life is in disarray. Things become even more tumultuous when he beats up a British soldier who insults his sister. Ramesh is forced to flee his home in Haldipur, and he arrives in Calcutta, India. But when Hindus and Muslims start to riot in 1946, he is forced to move again, and he unwittingly leaves behind a young woman pregnant with his child. The child is born without his father's knowledge. Ramesh journeys to New York City to be with his uncle. He is drafted and sent to Korea, returns to the States, and falls in love with a woman with roots in Jamaica. But his life with his wife brings with it great family intrigue. In the meantime, Suresh, the son, has grown up and faces problems of his own. Now living in America, he's drafted and sent to Vietnam, where he vows not to kill. But it may not be a vow he can keep, especially when his very survival is at stake. *Carma* is a powerful story about a father and son, lost loves, war, and what it takes to transcend interracial barriers.

 Breaking News Ongoing skepticism over the impact of Brexit suggests that rental growth in prime central London
 Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a
 2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the
 society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,
 said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in
 recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to
 pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which
 is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer
 from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of
 borrowers. "Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for
 some security could choose the fixed rate. "In such a low interest rate environment it would be ideal for borrowers to
 consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before
 entering any arrangement." The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
