

Last of the Duanes (Five Star First Edition Western Series)

When this unforgettable novel was first published in a much shorter form in a magazine in 1914, it was a rousing success and was made into a movie four times by 1941. Yet when Zane Grey submitted the full-length manuscript to his book publisher, it was rejected because it contained too much gunplay. And so a masterpiece of Western fiction remained unpublished in book form for more than 80 years. Finally, this powerful tale is available in its entirety. Buck Duane's father was a gunfighter who died by the gun and, in accepting a drunken bully's challenge, Duane himself was forced into the life of an outlaw. He roamed the dark trails of southwestern Texas, living in outlaw camps, until he met the one woman who could help him overcome his past: a girl named Jennie Lee.

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,
said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to
pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of
borrowers. "Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for
some security could choose the fixed rate. "In such a low interest rate environment it would be ideal for borrowers to
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before
entering any arrangement." The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
