For some reason the desert scene before Lucy Bostil awoke varying emotions - a sweet gratitude for the fullness of her life there at the Ford, yet a haunting remorse that she could not be wholly content - a vague loneliness of soul - a thrill and a fear for the strangely calling future, glorious, unknown.

She longed for something to happen. It might be terrible, so long as it was wonderful. This day, when Lucy had stolen away on a forbidden horse, she was eighteen years old. The thought of her mother, who had died long ago on their way into this wilderness, was the one drop of sadness in her joy. Lucy loved everybody at Bostils Ford and everybody loved her. She loved all the horses except her father's favorite racer, that perverse devil of a horse, the great Sage King.

Lucy was glowing and rapt with love for all she beheld from her lofty perch: the green-and-pink blossoming hamlet beneath her, set between the beauty of the gray sage expanse and the ghastliness of the barren heights; the swift Colorado sullenly thundering below in the abyss; the Indians in their bright colors, riding up the river trail; the eagle poised like a feather on the air, and beneath him the grazing cattle making black dots on the sage; the deep velvet azure of the sky; the golden lights on the bare peaks and the lilac veils in the far ravines; the silky rustle of a canyon swallow as he shot downward in the sweep of the wind; the fragrance of cedar, the flowers of the spear-pointed mescal; the brooding silence, the beckoning range, the purple distance.

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a

2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society, said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of borrowers. "Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for some security could choose the fixed rate. "In such a low interest rate environment it would be ideal for borrowers to consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before entering any arrangement." The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
