

Cover Girl Confidential

Shes the host of a wildly popular, top-rated morning show. Bride of a high-society golden boy. A veritable household name. An immigrant rags-to-riches story thats the American dream personified-and so perfect for Hollywood. Men want her. Women wish they could be her. But now Addison is in jail awaiting deportation and her celebrity rating is falling faster than a discount boob job. Maybe the First Ladys personal vendetta is to blame. (Addison insists that the president was pulling her onto his lap when that photo was taken.) Or perhaps everything started to go downhill when she threw exercise equipment at her husband on live TV. (Addison says the jerk had it coming.)

Breaking News Ongoing skepticism over the impact of brexit suggests that rental growth in prime central London
Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,
said: “We are very pleased to offer borrowers the lowest mortgage rate ever available. “The cost of funding has fallen in
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to
pass this on to borrowers.” After the 2-year period the mortgage will revert to the lender’s standard variable rate, which
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: “It’s fantastic to see such low rates on offer
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of
borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for
some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before
entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
