

Jane Eyre

Charlotte Brontë's unique and impassioned masterpiece is one of the greatest love stories of all time. *JANE EYRE* Jane Eyre, a plain and penniless orphan, is educated at a school for orphaned girls where she eventually becomes a teacher. At 18, driven by a desire to broaden her horizons, she takes up a position as governess at Thornfield Hall and heads into the depths of fate. She is to be governess to Adele, the sweet little daughter of her employer, the arrogant, brooding and mysterious Mr. Edward Rochester. At first Jane finds him moody and abrupt, but he becomes fascinated with Jane's independence and spirit and falls in love with her. And, in time, she is with him. But on their wedding morning, Jane discovers that his past holds a dark secret, and she flees, heartbroken... Originally published under the pseudonym Currer Bell, *Jane Eyre* heralded a new kind of heroine -- one whose virtuous integrity, keen intellect and tireless perseverance broke through class barriers to win equal stature with the man she loved. Over a century after its publication in 1847, *Jane Eyre* is still regarded as one of the finest works in English literature. And, in this exclusive BBC production, with an arresting performance by Juliet Stevenson, Charlotte Brontë's exploration of how a woman comes to maturity in the early 1800s comes marvelously and miraculously to life.

Breaking News Ongoing skepticism over the impact of Brexit suggests that rental growth in prime central London Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a 2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society, said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of

borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
