Breaking News Ongoing skepticism over the impact of brexit suggests that rental growth in prime central London  
Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a  
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the  
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,  
said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in  
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to  
pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which  
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer  
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of  
borrowers. "Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for  
some security could choose the fixed rate. "In such a low interest rate environment it would be ideal for borrowers to  
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before  
entering any arrangement." The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
