

First Sight: A Novel

Paris, L.A., and the world of ready to wear fashion provide rich backdrops for Danielle Steels deeply involving story of a gifted designer whose talent and drive have brought her everything ? except the ability to erase her past and trust relationships. New York. London. Milan. Paris. Fashion Week in all four cities. A month of endless interviews, parties, and unflagging work and attention to detail at the semiannual ready to wear fashion shows ? the famous pret-a-porter. At the center of the storm and avalanche of work is American Timmie O'Neill, whose renowned line, Timmie O, is the embodiment of casual chic, in fashion and for the home. She has created a business that inspires, fills, and consumes her life. With an unerring instinct for what the next trend will be, an innate genius for business, tireless labor, and sheer fearlessness, starting from nothing, over two decades Timmie has built an international empire that has brought her enormous satisfaction and success. In a world where humility and compassion are all too rare, her humor, kindness, integrity, and creativity are inspirational. Yet as blessed as she feels by her success, Timmie harbors the private wounds of a devastating childhood and past tragedy. She is too smart, too experienced, and too hurt to want much in her personal life beyond a succession of convenient, very limited relationships. Always willing to take risks in business, she never risks her heart. But despite her well-ordered and highly controlled world, it turns out that Timmie O'Neill is not immune to magic when it strikes. And it strikes in Paris during Paris Fashion Week, when an intriguing Frenchman comes into her life when she gets sick. At first, Timmie and Jean-Charles Vernier are only patient and physician. They become confidants and friends, corresponding at a safe distance between Paris and Los Angeles once she goes home. There is every reason why they

must remain apart. But neither can deny their growing friendship and the electricity that sparks whenever they meet. First Sight is as complex and compelling as modern life itself: careers, families, histories, losses, duty, obligation, and fear of losing control and getting hurt. It is a tale of daring to take risks, and losing control just enough to have a life, when the opportunity presents itself. When two very different worlds and strong-willed people collide, everything changes in an instant, as they confront the age-old question of whether to lay oneself bare and risk intimacy ? or not. Are they brave enough to face what comes next? And will they do it together or apart?

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,
said: “We are very pleased to offer borrowers the lowest mortgage rate ever available. “The cost of funding has fallen in
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to
pass this on to borrowers.” After the 2-year period the mortgage will revert to the lender’s standard variable rate, which
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: “It’s fantastic to see such low rates on offer
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of
borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for
some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before
entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
