

Mumbai Dreams

It would be appropriate to call this collection of short-stories Mumbai Dreams, as the seeds for most of the stories were sown there. These short stories strike an interesting balance between the characters and their experiences and vividly express the lateral thinking of the author. The collection includes a motley set of human feelings like sarcasm, suspense, humour, emotion, etc. with stories on college life, science fiction, family plots and school life, amongst others. This collection of stories is targeted at every age group, right from youngsters to elders. The plots have been framed in such a way that it would be possible for every reader to associate himself with some character or the other. One of the most important characteristics that the author wishes to highlight is the twists that have been intertwined suitably in the stories. The Kleptomaniac, The X-Phenomenon, The College Rider, The Auto Freak and such other stories are examples of what may be called O Henry Twists. These twists enhance the overall reading interest and make sure that the readers feel reluctant to put the book down. The X-Phenomenon and The Mysterious Maid belong to the science fiction category which deals with the world of robots and will be found very humorous to read. It is certain that the book will receive warm welcome from the lovers of literature particularly those having keen interest in fiction.

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,
said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to
pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of

borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
