

The Adventures of Haole the Penguin: The Inner Game of Surfing

Think of the last time you were in the snow. This is the story of Haole, a bird that cant fly but surfs fifty foot waves in Antarctica and is about to make the most important discovery of his life - The inner game of surfing -The magic that makes life a game.The Adventures of Haole the Penguin begin on a floating slab of ice connected to the Antarctic mainland and pummeled by massive storm waves all winter. Its a hell of a place to live, but the penguins call it home. They spend their time divided between fishing, staying warm, and gossiping about one another.This was the penguins entire universe. No penguin ever ventured outside of this landscape and the few miles of ocean that surround it. On several occasions Haole had asked his mother about this very thing. One time it was while they stood together, watching a storm approach over the cliffs to the west. Whats past those cliffs? Haole asked innocently.Just more ice, his mother had responded automatically. She used to seem so big to Haole, towering above him, but since he had his growth spurt she didnt seem so huge. She was just a little taller than him now.The answer didnt satisfy him. Well, whats beyond that? he persisted innocently.Even more ice, she said firmly, then added and more cliffs.There was a long pause as Haole doubted for a second that his mom knew everything. Mom?What is it, Haole? She looked at him sweetly.Well, whats beyond that? He was going to repeat the question until he got an answer other than ice.His mothers feathers ruffled. Why dont you spend your time thinking about more important things? she gently scolded him. Like what? he asked, although he already knew the answer.Like fishing, she said predictably. Haole, one of these days very soon you are going to have to stop all of your dreaming and start keeping your mind on practical matters. You are growing up. See what I mean,

Dear reader?Haole does not fit in. He is convinced there must be more to life than fish and gossip and aches to discover the worlds mysteries. Synchronicity steps in as he stumbles upon something else, something magical that he likes to do in his free time. The other penguins think this is absurd. What else is there except fish, fishing, and staying warm... except staying away from the killer whales and leopard seals?Well, Haole happens on this other thing quite by accident as he is coming back to the ice sheet from fishing one day. While swimming out by the reef during a storm he has his first glimpse of this magic when he learns to surf in a freak encounter with a hungry killer whale and a huge rogue-wave!This begins a trail of discovery for Haole that leads him to run away from home, traveling the South Pacific riding perfect waves. He and his friend Donna travel all the way to Tahiti where they meet and take their place in an ocean-wide community of sea creatures. This is where he will face his biggest challenge and learn lifes biggest lesson.Haoles story touches readers hearts because along with a compelling plot about coming of age, it genuinely conveys a love for the environment and the importance of taking personal responsibility not just for the oceans, but for ones own dreams. To put it simply itsa gripping tale of a bird finding the inner magic of life and then bringing it home with him. This book takes you surfing.

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,
said: “We are very pleased to offer borrowers the lowest mortgage rate ever available. “The cost of funding has fallen in
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to
pass this on to borrowers.” After the 2-year period the mortgage will revert to the lender’s standard variable rate, which
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: “It’s fantastic to see such low rates on offer
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of
borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for
some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before

entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
