

While You Were Mine

Everything she loved could so easily be lost. The end of World War II should have brought joy to Gwen Mullen. But on V-J Day, her worst fear is realized. As celebrating crowds gather in Times Square, a soldier appears on her doorstep to claim Mary, the baby abandoned to Gwen one year earlier. Suddenly Gwen is on the verge of losing the child she has nurtured and loves dearly. With no legal claim to Mary, Gwen begins to teach Lieutenant John McKee how to care for his child, knowing that he will ultimately take Mary away. What starts as a contentious relationship, however, turns into something more, and Gwen must open her heart to learn that love means taking chances. *While You Were Mine* paints a vivid portrait of 1940s New York and tells an enchanting tale of the nature of love and trust.

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,
said: “We are very pleased to offer borrowers the lowest mortgage rate ever available. “The cost of funding has fallen in
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to
pass this on to borrowers.” After the 2-year period the mortgage will revert to the lender’s standard variable rate, which
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: “It’s fantastic to see such low rates on offer
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of
borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for
some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before
entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
