

## Oklahoma! Hex (The Mex Books)

Oklahoma! Hex finds Mex on Broadway solving the real-life murder of pore Jud in a production of Oklahoma!. Called in to investigate by an old flame and the producer of the show, Mex works alongside her favorite Blue, cop Michael Ryan Kelley, to uncover the murderer. When she discovers that the cast of the latest hit revival of Oklahoma! is infiltrated with Santeria practitioners, she ends up in Tierra del Fuego, the southern-most inhabited point in the world, as she faces down the leader of a worldwide web of evil. Along the way, she meets her Divine Right Partner, Veronica, and falls in love. Based in New York City, Mexicali Rose (You can call me Mex) Stone is above all a human being having a spiritual experience. Shes an intuitive investigator who solves her cases from the inside out. Guided by Spirit, her inner voice, she catches her culprit, and always learns something about herself. U.S. passport and lipstick in her purse, Mexs cases lead her in all directions and most especially within where she finds the deepest truths about life, herself and the universe.

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a  
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the  
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,  
said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in  
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to  
pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which  
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer  
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of  
borrowers. "Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for  
some security could choose the fixed rate. "In such a low interest rate environment it would be ideal for borrowers to  
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before  
entering any arrangement." The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
