

The Final Test O Mint

A surreal hopscotch down the loopy vines of Christian dogma to the end... When Luke Iffer, his girlfriend Eva and the eternal third wheel, Ade Ginnan raid the Vatican Necropolis to recover a mysterious relic, they set in motion a race to synthesize the elixir of life and pluck the final notes of Lukes long and failed tenure on Earth. Accompanied by his ignorant and exceptionally vital companions, Luke scours the globe to recover a seemingly random set of artifacts. Reunited, they constitute the cosmic juicer that renders the nectar of life. The last twelve dudes who drank it are still suffering from the drinks main side effect, immortality. They rue the thought of anyone else suffering their fate, or sharing their power. These mostly unhappy men arent the only ones dogging Lukes steps as he tries to reconstruct the machine and secure the ingredients to brew a batch of the heavenly beverage before his shipmates return to reap earths bountiful harvest of souls. Its a bit sad that Lukes real mission was a bust and so many potential fans souls weigh heavily in the balance, doomed to the fires of the ships engine.

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,
said: “We are very pleased to offer borrowers the lowest mortgage rate ever available. “The cost of funding has fallen in
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to
pass this on to borrowers.” After the 2-year period the mortgage will revert to the lender’s standard variable rate, which
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: “It’s fantastic to see such low rates on offer
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of
borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for
some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before
entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
