

## Daddys Clever Little Girl

Professor Josh Darwin works late one night grading physics papers, but even several cups of coffee dont keep him awake, and he falls asleep - only to discover when he wakes that his pile of papers have all been graded - correctly! Determined to find out who is responsible, he works out that it is the cleaning lady, Abigail Pavlov. Further investigation reveals that the cleaning lady used to be a professor at a university in St. Petersburg, but is unable to get a similar post in America as her credentials arent accepted. Josh, however, uses his influence, and life begins to change for Abigail. But it isnt only Abigails work that changes radically; she now has a completely different lifestyle. She and Josh begin a relationship, and he quickly discovers her need for spanking and sex, and her desire to be pampered and cared for as Daddys little girl. This is the story of a grown woman, highly intellectual, reduced to the status of a naughty little girl ... a little girl who loves to be bathed and spanked and loved. Publishers Note: Daddys Clever Little Girl is an age play book. It includes anal play and sexual scenes. The punishments include humiliation, corner time, and spankings. Please dont buy this book if such material is likely to cause offence.

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a  
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the  
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,  
said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in  
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to  
pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which  
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer  
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of  
borrowers. "Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for  
some security could choose the fixed rate. "In such a low interest rate environment it would be ideal for borrowers to  
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before  
entering any arrangement." The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
