

SAVE THE FARKING UNICORNS!: A Humorous Tale Of Fantasy and Science Fiction

For the very first time, esteemed indie author Lennox Mumpsfield is gracing the world with a glimpse of his long form narrative skills by trying his hand at a full-length literary humor feature. Act now! Because soon those fantasy and science fiction skills are going BACK IN THE VAULT (I grew up watching Disney VHS tapes; if you dont get the reference I cant help you.) And the PLOT! Several, actually! And none of them produced at the expense of anothers quality! Lennoxs old manager at this taco joint he used to work at used to tell him that all the time. But fa real, this book has more plots than a Game of Thrones marathon showing at the local cemetery. But anyone can do plot really. I mean, its like, pffffft. Who cares about plot? I mean Lennox does it fabulously coz he cant help it, you know, but if youre intentionally putting plot in your stories you mus be some kine uh eejit. What youll really love about this story is all of the rising action. Thats right. RISING ACTION. And MULTIPLE CLIMAXES. One time I was on Oprah talking about Lennoxs book for him (he was far to busy to make it to the engagement himself), and she was like We all jus wanna know one thing: where IN THE WORLD does Lennox get all of that RISING ACTION and MULTIPLE CLIMAXES from, son!?!? And to top it all off, he gave this tale enough denouement to bust a gang! BOOYAH! I suppose you actually want to know what this literary novella is all about. To that I say... unicorn magic! And a secret government project with memory implants in a guys brain, but the arrangement goes awry. And a pickup artist icon that goes after the worlds best selling author of all time (hint: this is fiction, so it cant be Lennox himself!) The romance! And unicorn hair gloves more powerful than all the unicorn hair gloves that have come before. And a candid camera YouTube show. And an investigative

journalist tailing a gruesome canine serial killer. And unicorn magic! This is humorous fiction for adults... that aren't afraid to laugh at and enjoy magical unicorn books. Lennox's momma always told him that themes from literary humor and fantasy humor books can sometimes go together. That advice served the best-selling author well in his quest to become the best of the best! Throw in a little bit of unicorn magic and PRESTO! You have a dang entertaining fantasy and science fiction read. You will like this book if you are: a younger person who has a basic understanding of web technologies like YouTube and blogging; a lexicomane and/or rare word aficionado; a person with a decent sense of humor; you make fun of hipsters like everyone else but secretly wonder what it would be like to be one. In this literary novella, ordinary members of society travel the world and take to the clouds with the magical counterpart culture living silently alongside our society in a caper that threatens the way of life of unicornkind and magicians and warlocks the world over! How will they fare? And what will happen to the children!? Would you be embarrassed if your friends found unicorn books on your bookshelf? I would be. I mean, don't be!!! It's all kosher as long as it's humorous fiction for adults. Look, if you've got an entertaining cast of unique and interesting characters whose paths cross in humorous and fantastic and intriguing and well-written ways then what's to be ashamed of? On top of it the book has a snarky enough title where you could pass it off as hipster literary humor. BUT IT DOESN'T HAVE TO BE. Lennox likes to play it off like his writing is a bastion of hipster culture as a marketing ploy, but really he doesn't know the first thing about it. Or does he? Bottom Line: Lennox sweats to make sure good people like you have a good book to read. I know you must hate me for sucking up to you, but don't! This book is Lennox's best one yet. If you haven't yet, read the free preview and give this fantasy humor book a shot. Thanks for taking t

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,
said: “We are very pleased to offer borrowers the lowest mortgage rate ever available. “The cost of funding has fallen in
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to
pass this on to borrowers.” After the 2-year period the mortgage will revert to the lender’s standard variable rate, which
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: “It’s fantastic to see such low rates on offer
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of
borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for
some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before
entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
