

Sincere

Sincere's early years match my own in so many ways. I was raised on the south side of Chicago, and took to the streets and the drug and gang culture as a pre-teen. Before my high school class made it to graduation, I was already in prison. As a child, I lived as an adult, and the Feds sentenced me accordingly. Now, at the age of 27, with 10 years in, I'm able to see the error of my old ways. I now use my experiences and credibility to help others that are still blinded by the shine to see the true consequences of the grind, so that maybe they can avoid missing out on as much life as I have. In writing *Sincere*, my goal was to introduce the reader to the real people, real struggles, and real consequences with only a small bit of fantasy entertainment in between. If the blunt rawness of the story troubles you, I have done well in accurately describing a life that so many of us risked death to live.

 Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a
 2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the
 society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,
 said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in
 recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to
 pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which
 is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer
 from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of
 borrowers. "Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for
 some security could choose the fixed rate. "In such a low interest rate environment it would be ideal for borrowers to
 consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before
 entering any arrangement." The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
