

## The Chicago Experiment

The reunion between kindred souls can take place anytime and in the most outrageous circumstances... Because there are souls destined to find one another, from the beginning of existence itself. The Chicago Experiment tells the story about the unbelievable relationship between a psychiatrist and his subject of study, externally bound by a controversial experiment, and internally, by the souls designs. Accompany Sandra in her stroll down the tortuous path that will lead her to risk her dignity and morals, and in the process, it will help her understand to love unconditionally, you must live with a wide open heart, even if sometimes it might mean to live with a broken heart.

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a  
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the  
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,  
said: “We are very pleased to offer borrowers the lowest mortgage rate ever available. “The cost of funding has fallen in  
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to  
pass this on to borrowers.” After the 2-year period the mortgage will revert to the lender’s standard variable rate, which  
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: “It’s fantastic to see such low rates on offer  
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of  
borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for  
some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to  
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before  
entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
