

A Bundle of Neurotica: Eight Neurotica Short Stories

A wicked romp through the hallowed halls of academia! Laugh out loud at these clever and sexy tales. Academia has never been so naughty! The university men in Professor Melanie Stevensons life pressure her to take her proper place under them. While the proper professor indulges in daring daydreams of submitting to their will, her evil twin, Violet, takes on the role of academic avenger and cracks the whip, so to speak, to work out the kinks in higher education. Written by a college professor, this witty series takes a darkly funny look at the neurotic people and politics of higher education. These eight consecutive short stories tell a larger tale with rich characters, escalating stakes, and steamy action. What Readers are Saying Timid Professors, evil twins and a good dose of slightly naughty will have you chuckling over the office water cooler. Love this series! Smart, funny, and sexy. Great brain candy! Hot and hilarious! These are awesome. Theyre over the top enough to be funny but really really good. The first two have the same tone: episodic and light and I just loved how they jumped right into the action. Its the third one though that actually makes me want more of the story. A brief excerpt from Spanking the Chair IM AFRAID IVE been a bad professor, she said. I didnt mean to upset the students. I was only trying to do what you told me to do. I know I can do better with your help. Please dont punish me. Punish you? No, why would I His thought trailed off as he likely followed the fantasy shed just presented him. She gave him a stronger nudge down the naughty path by back-pedaling. Sorry. I misunderstood. Of course, you wouldnt punish me. I mean Its just The way you were yelling before. It reminded me of being turned over someones knee. And spanked. Spanked? he repeated, his voice cracking. She licked her lips and nodded, knowing she had his full interest now. Yes, spanked. She coiled a lock of hair around

her finger, looked down at her own knees. You know, sometimes I miss that. You miss being spanked? It was so cathartic, you know? A hot hand on my backside, a good wallop, and all the bad was purged out of me. I'd done my penance and could go back to being good again. I don't know what to say, he said. Perhaps not, but his thoughts broadcast loud and clear, as he undressed her with his eyes and likely imagined turning her over his knee. So not going to happen. Do you feel you need to be punished for what you've done? he asked. I know corporal punishment is out of vogue, she said. But truly, it could be so therapeutic. His head bounced like a bobble head as he communicated his willingness to give her what he most desired, him in the role of punisher. Time to change the game. She crossed her legs, leaned forward, and dropped her voice to a husky whisper. Have you ever been spanked, Simon?

Yorkshire unveils record low rate of 0.89% 7 hours ago [LONDON FLATS 0](#) Yorkshire Building Society has launched a 2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society, said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of borrowers. "Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for some security could choose the fixed rate. "In such a low interest rate environment it would be ideal for borrowers to consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before entering any arrangement." The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
