

Galway Bay

In a hidden Ireland where fishermen and tenant farmers find solace in their ancient faith, songs, stories, and communal celebrations, young Honora Keeley and Michael Kelly wed and start a family. Because they and their countrymen must sell both their catch and their crops to pay exorbitant rents, potatoes have become their only staple food. But when blight destroys the potatoes three times in four years, a callous government and uncaring landlords turn a natural disaster into The Great Starvation that will kill one million. Honora and Michael vow their children will live. The family joins two million other Irish refugees--victims saving themselves--in the emigration from Ireland. Danger and hardship await them in America. Honora, her unconventional sister Maire, and their seven sons help transform Chicago from a frontier town to the City of the Century. The boys go on to fight in the Civil War and enlist in the cause of Ireland's freedom. Spanning six generations and filled with joy, sadness, and heroism, GALWAY BAY sheds brilliant light on the ancestors of today's forty-four million Irish Americans--and is a universal story you will never forget.

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,
said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to
pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of
borrowers. "Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for
some security could choose the fixed rate. "In such a low interest rate environment it would be ideal for borrowers to
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before
entering any arrangement." The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
