

Primal Birth: The Awakening of Jessica Buckley

Jessica always thought that she was in control of her life, until 2012 when an unplanned pregnancy rocks her world. She becomes lost in a battle between two emotive forces. Both her best friend and her partner, Matthew recommend an elective caesarean in answer to her irrational fear of childbirth, but at the same time a mysterious woman appears and offers to take her on a journey to learn the truth of womens lost power. The gift of a surgeons scalpel promises Jessica a birth with no pain but at what price? Can she risk altogether losing the ever-fading connection with her ancestors? The rainbow is the connection; seven colours, seven journeys and seven truths take Jessica back through her matriarchal lineage to learn the story of modern womens inheritance. Gradually Jessica begins to understand, through witnessing both the exquisite joy and chilling suffering of her ancestors, the deepest roots of her fears. But can she find people in her world today to join her in her quest for a primal birth and how will this personal growth affect her relationship with Matthew? Would you take the ultimate journey?

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,
said: “We are very pleased to offer borrowers the lowest mortgage rate ever available. “The cost of funding has fallen in
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to
pass this on to borrowers.” After the 2-year period the mortgage will revert to the lender’s standard variable rate, which
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: “It’s fantastic to see such low rates on offer
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of
borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for
some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before
entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
