

Defined By Deceit

He tried to drown his demons, only to find they could swim. Life isn't always fair. Llewellyn Gardner knows that first hand. He was on the fast track college dreams, a boyfriend until one night of extreme passion changed everything. Eight years later and out of prison, he still lives with the aftershocks of that night. Everywhere he turns there's another reminder of the crime people insist he committed, so he runs away to a new town to start over. For Shane Smith, Jr., owner of Smith Construction, there's something about the gorgeous, misunderstood man with the overly expressive eyes and dark past. Shane sees the good in Llewellyn it's why he hired him and he isn't going to let the man cut himself off from the world. Llewellyn isn't sure what to think about Shane. After years of protecting himself from being tricked twice, he's worried. What will happen if Shane doesn't believe the truth about his past?

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,
said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to
pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of
borrowers. "Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for
some security could choose the fixed rate. "In such a low interest rate environment it would be ideal for borrowers to
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before
entering any arrangement." The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
