

This Side of Paradise and The Beautiful and the Damned (Wordsworth Classics)

With an Introduction and Notes by Lionel Kelly, University of Reading. This Side of Paradise tells the story of Amory Blaine, the only child of wealthy parents, whose journey from adolescence to adulthood follows him from prep school through to Princeton University, where his literary talents flourish, in contrast to his academic failure. A sequence of love affairs with beautiful young women are fatally damaged by the collapse of his family's fortune, and the novel ends with him poised to face the challenge of making his own way in the world. Composed in an unconventional narrative mode, the novel is a rich fusion of satiric and romance idioms, and found a captivated audience on its publication in 1920. It made Fitzgerald rich and famous overnight. The Beautiful and Damned is a bleaker version of the corrosive power of wealth and its privileges, one of Fitzgerald's abiding subjects. Anthony Patch, heir to a huge fortune, whose marriage to the beautiful and indolent Gloria is increasingly shadowed by Anthony's fall into alcoholism. Though he wins a lawsuit to gain his inheritance of millions of dollars, it is a pyrrhic victory, for he is now a physically and morally broken man.

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,
said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to
pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of
borrowers. "Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for
some security could choose the fixed rate. "In such a low interest rate environment it would be ideal for borrowers to
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before
entering any arrangement." The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
