

## Letters and Papers Illustrative of the Wars of the English in France: During the Reign of Henry the Sixth, King of England (Cambridge Library Collection - Rolls) (Part 1)

This two-volume compilation contains the texts of documents in Latin, Middle French and Middle English (with translations and abstracts) concerning the later phases of the Hundred Years War, focusing on the period 1423-1450. Published between 1861 and 1864, it was edited by Joseph Stevenson (1807-95), a Northumbrian archivist and clergyman who had been instrumental in persuading the British government to sponsor the Rolls Series project. Stevenson transcribed and translated material from archival sources in France and England, including the Registers of the Grants issued by the English government in France from 1420 to 1433 and the Privy Seal collection. The Preface to Volume 2, Part 1 outlines key events from the 1435 Treaty of Arras to 1445, and the texts, all from French archives, relate mainly to diplomatic and financial matters. They include fascinating details such as a large order for French wine from the Dowager Queen Katherine.

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a  
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the  
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,  
said: “We are very pleased to offer borrowers the lowest mortgage rate ever available. “The cost of funding has fallen in  
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to  
pass this on to borrowers.” After the 2-year period the mortgage will revert to the lender’s standard variable rate, which  
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: “It’s fantastic to see such low rates on offer  
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of  
borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for  
some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to  
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before  
entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
