

## The Family Sparks

Another gripping tale from sensational author Tony Moda...It started with the fan favorite novel Take Money, now it continues with its sequel The Family Sparks. Life couldnt be better for Asad, Ahmed, Fly Ty and Young Curtis. Money is plentiful and problems are almost non-existing. Tyrone Fly Ty Sparks has made a smooth transition from a hustlers life to a family man. Even though Asad and Ahmed Sparks are still stand-offish with most, they have become more sociable with a chosen few theyve let get close. Young Curtis with his newfound wealth is living it up with the special lady in his life that raised more than a few eyebrows. Just when everyone was starting to get comfortable in their new lives, consequences and repercussions from the past rears its ugly head. The F.B.Is organize crime division think they have found the muscle behind the LaVette Organization, while local authorities are certain theyre closing in on the men who had committed a gruesome triple homicide over a year earlier. Then its the powerful man in Miami whos sure hes tracked down the bandits who took millions of dollars from him and his partner. As all sides close in on the same targets. The question is wholl get there firstor will anyone get there at all?

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a  
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the  
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,  
said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in  
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to  
pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which  
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer  
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of  
borrowers. "Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for  
some security could choose the fixed rate. "In such a low interest rate environment it would be ideal for borrowers to  
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before

entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
