

Anissa of Syria: A Christian Refugees Saga from the Syrian War to the American Dream (The Love of Antioch Book 1)

[Clean read edition - full details below]
Anissa is traumatized by the most brutal conflict of the 21st Century: the Syrian Civil War. In 2012, Islamists in Homs terrorize a Syrian-Christian community and destroy everything that a young woman holds dear. Narrowly escaping death, Anissa restarts her devastated life as a college student in New York City. She is bewildered and lost, but hopeful for a better life in a new land. Anissa is soon drawn to two powerful individuals: Michael Kassab, the Syrian-American leader working to found the first Mideast Christian state, and Julien Morales, her Columbia University professor who runs a \$20 billion hedge fund. Complicating matters, Michael is still attached to his ex-girlfriend and Julien is the most sought after bachelor in Manhattan (and has hidden demons that even his therapist cant extract). Anissas heart and her communal ties pull her in different directions, as she seeks hope and renewal in a dark world. Anissa of Syria might be compared to The Kite Runner, Exodus, and The Diary of Anne Frank. NOTE: This is a clean read edition of The Syrian Virgin (i.e., this version has no profanity and just a few, brief scenes of minimally described intimacy without reference to any explicit details or sexual anatomy). Due to war themes, this book is not recommended for readers under 16.

Breaking News Ongoing skepticism over the impact of brexit suggests that rental growth in prime central London Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a 2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society, said: “We are very pleased to offer borrowers the lowest mortgage rate ever available. “The cost of funding has fallen in recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to pass this on to borrowers.” After the 2-year period the mortgage will revert to the lender’s standard variable rate, which is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: “It’s fantastic to see such low rates on offer from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for

some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
