

The Magic Book

Leonardo Deangelo has worn many hats in his lifetime, originally from Italy he moved to Australia when he was six. There he was enriched with various experiences from being a soldier, a movie director, a businessman, also as an artist, a sculptor, a designer, an art expert, now an author. His previous Sam & Spot The Lost Valley has been admired by Blueink Book Review ...as a fast-paced adventure novel for young boys... , it has also been noted by Kirkus Book Review for the authors greatest strength in the delightful depiction of the friendship between Sam & tail-wagging Spot, and has been described by ForeWord Book Reviews as an enticing boys adventure book that begs to be read aloud by grandfathers before bedtime! His books have been advertised to various reputable literary outlets like The Guardian, London Review of Books, New York Review of Books, New York Times Sunday Book Review and the Readers Digest. Truly, he has proven that for whatever Hat you might be wearing, as long as you put your passionate heart and soul in it, it will naturally bring about happiness. Witness another nail-biting rollercoaster experience, as Sam and his ever loyal dog Spot, embarks another chapter of adventure, love, friendship and thrill, as they discover a Magic Book. In a different time & space, set in a mystical land of Notts, where danger flourishes and evil creeps; Sam and Spots friendship will be put to a test. Will greed and cruelty reign, or will bravery and honor prevail? Find out how the Magic Book, will make the impossible, possible right before your eyes!

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,
said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in

recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to pass this on to borrowers.” After the 2-year period the mortgage will revert to the lender’s standard variable rate, which is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: “It’s fantastic to see such low rates on offer from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
