

Fates Interaction: Capturing Midnight (Sars Springs Saga Interaction Series 4) (Volume 9)

Matthew Garris is trying to come to terms with what he wants out of life when a madman not only takes him, but several other men in Sars Springs. Things are not what they seem when the suspect becomes the victim. Losses are felt as body parts start appearing all over town and the morgue is identifying them as relatives. When a close relative is found among the dead, the family tries to keep it together. Dr. Raina Markum goes on a hunting expedition in order to track down the evil that is haunting the town. Will the pain of losing limbs and loved ones overcome learning about the dark secrets of the terrorists of the town? What will happen when the evil is not only from a deep ancient past, but a familial relation that shocks the family into deciding if blood is truly thicker than water?

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,
said: “We are very pleased to offer borrowers the lowest mortgage rate ever available. “The cost of funding has fallen in
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to
pass this on to borrowers.” After the 2-year period the mortgage will revert to the lender’s standard variable rate, which
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: “It’s fantastic to see such low rates on offer
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of
borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for
some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before
entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
