

Mislaid: A Novel

LONGLISTED FOR THE 2015 NATIONAL BOOK AWARDS sharply observed, mordantly funny, and startlingly original novel from an exciting, unconventional new voice the author of the acclaimed *The Wallcreeper* about the making and unmaking of the American family that lays bare all of our assumptions about race and racism, sexuality and desire. Stillwater College in Virginia, 1966. Freshman Peggy, an ingenue with literary pretensions, falls under the spell of Lee, a blue-blooded poet and professor, and they begin an ill-advised affair that results in an unplanned pregnancy and marriage. The two are mismatched from the start she's a lesbian, he's gay but it takes a decade of emotional erosion before Peggy runs off with their three-year-old daughter, leaving their nine-year-old son behind. Worried that Lee will have her committed for her erratic behavior, Peggy goes underground, adopting an African American persona for her and her daughter. They squat in a house in an African-American settlement, eventually moving to a housing project where no one questions their true racial identities. As Peggy and Lee's children grow up, they must contend with diverse emotional issues: Byrdie deals with his father's compulsive honesty; while Karen struggles with her mother's lies she knows neither her real age, nor that she is white, nor that she has any other family. Years later, a minority scholarship lands Karen at the University of Virginia, where Byrdie is in his senior year. Eventually the long lost siblings will meet, setting off a series of misunderstandings and culminating in a comedic finale worthy of Shakespeare.

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,

said: “We are very pleased to offer borrowers the lowest mortgage rate ever available. “The cost of funding has fallen in recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to pass this on to borrowers.” After the 2-year period the mortgage will revert to the lender’s standard variable rate, which is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: “It’s fantastic to see such low rates on offer from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
