

## Arizona Skies: The Muse

This is the first book in the Arizona Skies series. At twenty-six, the lead singer of Arizona Skies is in danger of becoming a has-been. Hard drinking, hectic schedules, and more than a few women have left Jesse Greene unable to write new songs a serious problem since the band just signed a lucrative recording contract. Desperate to get Jesse's creative juices flowing again, his manager demands the singer get away from the nightclubs and bars by going on a weeklong cruise hoping to jumpstart his songwriting skills...and save the lead singer's career. Jesse is dead set against the idea, but the band is relying on him so he's got no choice. As they wait to step on board of the ship he sees her and his world is turned up-side down. Bailey Harris innocently stands on the dock looking up at him. He doesn't know her name or anything about her, but Jesse is determined to meet her. He's already got lyrics swirling around in his head from just looking at her, he's convinced that she holds the keys to unlocking his inspiration. It's only a seven-day cruise, so he immediately gets his bandmates on a quest to find her. He figures shipboard romances never last, so he wants to take advantage of this opportunity to turn his dry spell around and save his career. But as worldly as he is, Jesse doesn't count on how deeply Bailey's innocence and sweetness will change his life. And suddenly a weeklong cruise seems all too short. 304 pages.

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a  
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the  
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,  
said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in  
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to  
pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which  
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer  
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of

borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
