

The Sweetest Co-Ed Whore 1: Her First Two Sales

A fun-loving college cheerleader who still got straight As, Ally is a happy girl who knows how to have fun. When a jealous cheerleader, Tanya, finds out that Ally slept with a boy she considered her private property, Tanya sabotages Ally at a major basketball game, revealing Ally's body to thousands. As a result, Ally loses her financial aid. She realizes she needs a way to make money fast. Prostitution presents itself as a possibility, and Ally takes to the world's oldest profession with surprising verve and cheerfulness. This long short story (16,000 words), the first in a series, introduces a sweet, lovable, and intelligent character who has decided to live and love without shame. Ally doesn't believe in degrading herself for money, but neither does she believe her work is inherently degrading; instead, she chooses to have fun with it. This story is sex-positive, fun, dirty, and -- unlike much of the erotica out there -- never hateful. You're sure to enjoy it.

Breaking News Ongoing skepticism over the impact of Brexit suggests that rental growth in prime central London
Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,
said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to
pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of
borrowers. "Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for
some security could choose the fixed rate. "In such a low interest rate environment it would be ideal for borrowers to
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before
entering any arrangement." The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
