

St. Ignatius of Loyola (Classic Reprint)

Nevertheless, it is well that the reader should be informed as to the guarantees of accuracy which he has a right to expect in them. This, then, is the manner in which this new life of St Ignatius has been composed. Among the men who heard, questioned, consulted St Ignatius, or held close intercourse with him, there are three who made a careful compilation of their notes and recollections; they are Gonzalez A cta antiquissima)f Ribadeneira (V ita altera), and Polanco (V ita Ignatii Chronicon Societatis esu). The writings of the first two are incorporated in the large volume of the Bollandists, but Polanco swork was not published till 1894, at Madrid. It is quite equal to the others in precision of detail, in clearness of distinction, in felicity of expression, for Latin had laid bare all its secrets to these men. Therefore, I broke up the life of my Saint into a certain number of fragments, and I compared the testimony of these three contemporaries concerning each of them.(Typographical errors above are due to OCR software and dont occur in the book.)About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology.Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings. Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,
said: “We are very pleased to offer borrowers the lowest mortgage rate ever available. “The cost of funding has fallen in

recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to pass this on to borrowers.” After the 2-year period the mortgage will revert to the lender’s standard variable rate, which is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: “It’s fantastic to see such low rates on offer from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
