

Story Volume II: The Library of Wales Short Story Anthology: 38

The Library of Wales Story anthologies feature the very best of Welsh short fiction, written amid the political, social and economic turbulence of twentieth century Wales and beyond. More than eighty outstanding works from the classics of Dylan Thomas, Rhys Davies, Arthur Machen and Gwyn Thomas to the almost forgotten brilliance of work by Margiad Evans and Dilys Rowe and then forward to the prize-winning work of Emyr Humphreys, Rachel Trezise and Leonora Brito, colouring and engaging in the life of a changed country. Story II depicts a Wales facing-up to a dramatically changed culture and society in a world where the old certainties of class and money, love and war, of living and surviving do not hold. The writers explore the spirit of a country while the ground keeps shifting beneath them. In this selection Dai Smith has crafted an anthology that gives a unique insight into the life of a country: identity; language; class; sex are all explored intensely in this kaleidoscope of the best of the last fifty years of Welsh short fiction.

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,
said: “We are very pleased to offer borrowers the lowest mortgage rate ever available. “The cost of funding has fallen in
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to
pass this on to borrowers.” After the 2-year period the mortgage will revert to the lender’s standard variable rate, which
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: “It’s fantastic to see such low rates on offer
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of
borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for
some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before
entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
