

At the edge of art and insanity

Seminar paper from the year 2006 in the subject American Studies - Literature, grade: 1,0, University of Siegen (FB 3 (Literatur-, Sprach- und Medienwissenschaften)), course: Postmodern Fiction, 26 entries in the bibliography, language: English, abstract: With the attention-grabbing novel American Psycho Bret Easton Ellis entered quite a dangerous ground. The bizarre mixture of yuppie satire and splatter horror caused reactions of scathing criticism, indignation, yes, even murder threat. As a consequence, the publishing house that had the first contract with Ellis and was supposed to edit the novel, namely Simon & Schuster, responded to this radical refusal and cancelled the deal already made. This decision, not to publish a book due to the negative responds against it, meant another scandal since it was a sensation in the American publishing business. Anyway, brushing aside all moral standards, Ellis shocker was published in 1991 by Vintage books, and for a while, the young writer became the meistgeha?te[...] Autor der Welt - evidently, because critics considered his narration too pornographic, sexist, anti-women, disgusting, boring and beyond belief. Yet, American Psycho was regarded with interest - probably last but not least because Bret Easton Ellis had been celebrated as a great talent when publishing Less than Zero. Meanwhile, countless studies with many diverging approaches manifest that American Psycho may not be condemned and dismissed as a pure splatter work glorifying violence. There are works analysing the publication and the reception of the novel as well as the socio-cultural background; other studies focus on content and stylistic device , or on the motif of the serial killer as postmodern anti-hero. Additionally, some special analyses examine the position of the novel within the American history of censorship or

even attempt to draw a parallel from Ellis Bateman to Goethes Faust. Thus, it is substantiated that the interest in American

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,
said: “We are very pleased to offer borrowers the lowest mortgage rate ever available. “The cost of funding has fallen in
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to
pass this on to borrowers.” After the 2-year period the mortgage will revert to the lender’s standard variable rate, which
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: “It’s fantastic to see such low rates on offer
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of
borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for
some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before
entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
